NOTE!
Hand does not fit
on 9"x12" felt squares

Print Pattern Pages

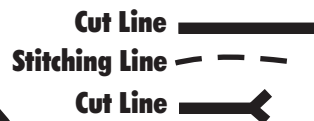

**Cut-out Upper and Lower
Pattern** pieces and tape together

CUT 2 from fabric. With right
sides facing each other, sew
together, cut between fingers as
well as at the **Y**, trim excess, then
turn inside out and press.

Create your character.

Cool Y Trick!

Rather than make U-TURN stitches
do SQUARE stitch turns. When you
turn the fabric hand inside-side-out
inside out there will be no PINCHED
TUCKS between the fingers!
Hand is nice and flat.
